

# A Virtual Visit with Kevin Hawkes

We are excited to announce that Kevin will be continuing his tradition of author visits and would love to visit your school, library or group. We have several options to meet your needs and would be happy to customize the perfect package for your students and staff.

Start your visit off with a **37 minute video** that introduces you to Kevin and gives you an inside look at the process of creating a book. You will learn what made Kevin decide to be an artist, where he gets his inspiration, and how to bring your own stories to life. Students will be enthralled as they watch Kevin draw and will leave the presentation with lots of questions and wanting to write and draw on their own.

Schools can purchase access to the video for a single presentation or for unlimited use for the day or multiple days. A limited goggle link will be shared with schools prior to the visit.

Following the video, join Kevin for a **Live Q&A Zoom** with your students. Kevin will meet with your class for a 10-15 minute follow-up of the video. Students will have time to ask questions as well as enjoy some live drawing. This is ideal for hybrid or in-person classes.

Continue the creative energy by having your class **write to Kevin** following the visit! Students can ask questions, send drawings or cartoons, and share what they are working on in class. Kevin will send an illustrated letter in reply via snail mail, answering any of their questions and give them a writing/story prompt for future letters.
